

# YOUR CAT® WHEEL LOADER IS DESIGNED FOR LONGEVITY, CAPABLE OF BEING REBUILT FOR MULTIPLE LIFETIMES.

**CAT WHEEL LOADER FLEX REBUILD: 950 - 962 - 966 - 972**

## REBUILD FOR ENHANCED PRODUCTIVITY

Cat Certified Rebuild can enhance your machine's efficiency and capabilities to meet current standards at a lower cost.

## DESIGNED FOR MULTIPLE LIFE CYCLES

During a Cat Certified Rebuild, up to 65% of parts—including engines, transmissions, and hydraulics—are reused, reducing waste and cutting costs without compromising performance.

## REBUILD FOR PEACE OF MIND

Protect your machine for up to five years and take advantage of financing options.

**TOROMONT**

**CAT**

# CAT® CERTIFIED MACHINE COMPONENT REBUILD (CMCR) PRICING

Cat machine components are built to perform not for one lifetime, but for **multiple lifetimes**. Don't let that extra value go to waste. Revitalize essential machine components for a fraction of the cost of buying them new.

Select any combination from the following options:

<b>CMCR-E ENGINE</b>	<b>CMCR-A AXLES</b>	<b>CMCR-E + CMCR-A</b>	<b>CMCR-HP HYDRAULIC PUMP</b>		
<b>23%</b> OFF ON ALL COMPONENTS	<b>23%</b> OFF ON ALL COMPONENTS	<b>23%</b> OFF ON ALL COMPONENTS	Hydraulic Implement Pump	Hydraulic Steering Pump	Hydraulic Fan Pump
			<b>35% OFF ON ALL COMPONENTS*</b>		

\*Applies to Cat New and Cat Reman only

OR

Select them all and give your machine a Flex Rebuild to unlock its second life.

## ALL-IN-ONE FLEX REBUILD

# 55% OF THE PRICE OF A NEW MACHINE

\*For illustrative purposes only. Actual rebuild costs may vary depending on machine condition, scope of work, and other factors.

## TAKE ADVANTAGE OF THE EXTRA VALUE BUILT INTO YOUR CAT EQUIPMENT.

Restoring a key component's original performance and durability—plus incorporating product enhancements introduced after it was manufactured — improves the reliability of your machine and greatly extends its productive service life. A Cat® Certified Machine Component Rebuild returns your engines, transmissions, torque converters, or final drives to like-new condition, helping you get maximum return on your original machine investment.

A process this extensive requires trained professionals, specialized equipment, stringent quality control and access to the latest technical information and is available only through a Cat Certified Machine Component Rebuild performed by trained Toromont Cat technicians.

## NEW WARRANTY, EXTENDED COVERAGE

Every CMCR program above includes a like-new warranty on all replaced parts. A 3-year Equipment Protection Plan (EPP) is also added to your rebuilt machine to protect you from unplanned repair costs due to covered defects in Cat material and manufacturer workmanship. And you can choose from multiple coverage options.

Cat Certified Rebuild machines are also eligible for a Cat Customer Value Agreement to help make preventative maintenance a breeze.

## REBUILD FINANCING AND PROTECTION OPTIONS

Use your Cat® Commercial Account (Cat® Card) for a rebuild. The Cat Commercial Account is the fast, easy way to pay wherever the job takes you. When you use your Cat Commercial Account for a rebuild, you often get access to special offers. And eligible account holders earn Cat® Rewards on all qualifying purchases. You can use those rewards to pay for parts, attachments, services, rentals, future rebuilds and more.

Eligible Cat Commercial Account account holders are automatically enrolled in Cat Rewards and can earn 1% back on qualifying purchases and even more when shopping with approved online Cat retailers.

## TAKE ADVANTAGE OF OUR SPECIAL RATES\*

- 0% for 36 months, or 0% for 36 months with no payments for the first 6 months\* (\$3,500 minimum)
- 0% for 24 months, or 0% for 24 months with no payments for the first 3 months\* (no minimum)

# FLEX REBUILD SCOPE OF WORK

**Flex Rebuild includes engine, final drives, hydraulic pump and all these additional options:**

- Recondition hydraulic control valve main
- Replace gaskets / seals, hydraulic cylinders minor
- Replace hydraulic hose / lines low pressure
- Recondition cab

## **Inspection / Evaluation**

- Perform fluid analysis
- Visual inspections
- Review available service history

## **Complete Disassembly**

- Determine reuse of internal parts and replace components (in order): Toromont Remanufacturing, Cat Reman, Cat new. Core charges are extra.

## **Reconditioning**

- Recondition all parts to be reused

## **CMCR-E (Engine)**

- Replace engine with Cat Exchange
- Replace clean emission module with Cat Reman
- Test and inspect radiator and aftercoolers

## **CMCR-HP (Hydraulic Pump)**

- Recondition Hydraulic Tanks
- Replace with Cat Reman hydraulic system pump
- High-pressure lines

## **CMCR-F (Final Drives)**

- Recondition final drive

## **Engineering Updates**

- Recondition components to include the latest engineering designs
- Install Product Link hardware

## **Reassembly**

- Check and maintain critical component tolerances
- Replace all electrical items
- Perform quality checks on specific torque specifications

## **Testing**

- Conduct quality and performance tests

## **Repainting**

- Paint component
- Apply Cat Certified Machine Component Rebuild identification plates and decals
