

YOUR CAT[®] MACHINE IS BUILT TO BE REBUILT.

Take advantage of the extra value built into your Cat equipment.

Cat[®] Certified Rebuild programs let you take advantage of the multiple lives built into Cat machines and components, all at a fraction of the cost of buying new.

Rebuilds are performed by skilled, Cat-certified technicians who know how to maximize your investment and help your machines achieve the highest levels of durability, reliability, and productivity.

REBUILD FOR UNMATCHED VALUE

Get a special discount and financing from Cat, plus a 4 yr / 8000 hr 'Do It Myself' CVA.

DESIGNED FOR MULTIPLE LIFETIMES

During a Cat Certified Rebuild, up to 65% of parts—including engines, transmissions, and hydraulics—are reused, reducing waste and cutting costs without compromising performance.

REBUILD FOR PEACE OF MIND

We deliver on time and on budget, and your machine is covered by a 4 yr / 6000 hr component warranty.
