COMPACT IN SIZE, BIG IN POWER.

What puts Cat Compact Equipment above the rest?

It starts with legendary reliability and a commitment to creating the most productive machines on the market for maximum efficiency. Our compact equipment is made with operators in mind, with cabs designed for maximum comfort and machines that are easy to maintain.

But it's more than just the machines and the reputation that set Cat apart from our competitors. It's the full package of industry-leading technology, smart attachments that maximize versatility, and the unmatched service and support that will keep you running.

› Need parts?

We've got you covered with over 1.6 million parts available online.

› Prefer to test before you invest?

Our rental and demo options make that easy.

› Want seamless financing?

Cat finance cards and accounts have you covered.

From first-time buyers exploring used equipment to seasoned pros optimizing their fleet with online tools like Cat Central and VisionLink®, we make owning and operating a compact Cat simple and stress-free.

› Toromont Cat Compact

Cat compact equipment is now sold and serviced in all Toromont Cat branches across Eastern Canada, giving you access to our legendary service and expertise, wherever you are.

We also have Toromont Cat Compact, a brand new store in Concord, Ontario, with a showroom featuring the full lineup of Cat compact machines, worktools, parts, and more, all under one roof.

CAT® COMPACT TRACK LOADERS

BUILT TOUGH FOR ANY TERRAIN

When the ground gets rough, Cat Compact Track Loaders keep going.

Designed with a steel-embedded track and steel undercarriage components, these machines are built for maximum longevity in conditions where a skid steer might struggle.

Whether you're working in mud, sand, snow, or loose gravel, you get the durability and traction needed to power through.

From general construction and landscaping to agriculture, snow removal, and beyond, these versatile machines handle it all. And with a huge range of Caterpillar attachments, you can dig, lift, grade, sweep, or clear just about anything in your path.

WHY DO OPERATORS LOVE THEM?

“Three things come to mind. First, I’m a big guy, and right away there is more room and extra legroom in the cab. Second, I find the machine very smooth. It operates the way it should. And third, it’s very user-friendly. I excavate 95% of the time and it was easy with the skid.”

— Justin Butler, Butler Landscaping

» KEY FEATURES

These next-gen compact track loaders balance power, performance, and comfort. With increased lift capacity and a strong hydraulic system, they handle demanding tasks efficiently. Advanced

controls and smooth operation enhance precision on the job. A larger cab, heated and ventilated seat, and improved visibility ensure operators stay comfortable during long shifts.

* Wide Tracks ** With optional external counterweight system *** With High Flow Attachment Connected
Specifications are subject to change based on machine configuration

CAT® SKID STEER LOADERS

UNMATCHED PERFORMANCE

When it comes to skid steer loaders, nothing beats a Cat.

Designed for tough jobs and all-day comfort, these machines bring industry-leading durability, precision, and versatility to your worksite.

It doesn't matter if you're tackling construction, landscaping, agriculture, or snow removal — a Cat skid steer loader is up for the challenge.

And because reliability matters, Cat skid steer loaders are built with features like speed-sensitive ride control, a fully sealed cab for operator comfort, and advanced safety systems to keep you working as long as you want.

More power. More control. More confidence on the job. That's a Cat Skid Steer Loader.

WHY DO OUR CUSTOMERS LOVE THEM?

“The traction control is top tier, especially in the slippery conditions we often work in. Attachments are easily switched out with the quick attach couplers, and our skid has many other great features, such as a back-up camera, heated seats, GPS, just to name a few.”

— The team at Edmonds Landscape Services Limited

CAT® MICRO EXCAVATORS

BIG PERFORMANCE IN A SMALL PACKAGE

Cat micro excavators are built to go where others can't.

Compact, light, and easy to transport, they're ready to work hard anytime, anywhere.

And don't let their size fool you — these machines pack serious power and efficiency that make light work of digging, lifting, grading, and placing.

Designed for tight spaces and built to last, Cat micro excavators deliver unmatched performance and reliability, making them the best in the market for getting the job done right.

WHY DO OPERATORS LOVE THEM?

“ The whole machine is well thought out. It's nice and compact. The tracks can retract. So, when I'm in tight spots at customers' sites, we can go through doors to get into yards.”

— Marc Thibodeau, Buck Excavation

» KEY FEATURES

Stay comfortable on the job with a sealed, pressurized cab featuring heating and A/C options (301.8 and 302 CR models), an LCD monitor with Bluetooth, and stick steer with cruise control for reduced fatigue. Serviceability is built in with tilt-up canopies and cabs for fast, cost-effective maintenance, plus longer service intervals and

auto shutdown to help lower ownership costs. When it comes to performance, these machines deliver up to 20% more power than previous models, with stronger lift, swing, and dig capabilities and an expandable undercarriage that improves your access to small work sites.

* Expandable Tracks Specifications are subject to change based on machine configuration

CAT® MINI EXCAVATORS

DESIGNED FOR COMFORT. BUILT TO PERFORM.

To do your best work, you need a comfortable machine.

The next generation of Cat mini excavators were designed with you in mind.

A spacious, ergonomic cab, high-back suspension seat, and intuitive controls keep you comfortable and in command all day long.

With advanced technology at your fingertips and safety built into every detail, these machines make tough jobs a snap. Whether you're digging, grading, or lifting, Cat mini excavators help you work harder and smarter.

WHAT ARE OPERATORS MOST IMPRESSED BY?

“ I love the hydraulic response and I'm amazed that there is so much hydraulic power in such a compact machine.”

— Emmanuel Martel-Gauthier, Multi-Souches

THE RIGHT TOOLS FOR EVERY JOB

Choosing the right work tool or attachment is just as important as choosing the right machine. The right attachment maximizes efficiency, precision, and productivity, ensuring you get the job done. Cat® offers a wide selection of attachments to suit any application, from auger drives and forks to general and industrial buckets, hammers, thumbs, brooms, power box blades, mulchers, and more.

But the value of Cat tools goes beyond versatility with Cat SMART attachments. These advanced tools are recognized by the machine upon connection, unlocking dedicated display screens and enhanced control options.

That means they're easy to use – and you can operate confidently with intuitive controls built for the attachment.

CAT® CARD

FLEXIBLE FINANCING

The Cat® Card provides a revolving line of credit for equipment, parts, and services, with low monthly payments and no annual fee. Spend from \$50 to \$5M with one-time credit approval, in-store, online, or via the Cat® Central mobile app. Cardholders enjoy special financing offers and earn Cat Vantage Points on qualifying purchases. It's a hassle-free way to manage business expenses.

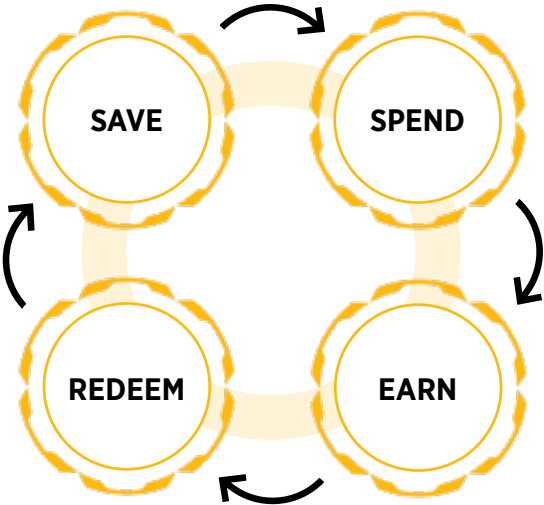

CAT® VANTAGE REWARDS:

Earn with Every Purchase

With Cat Vantage Rewards, every dollar you spend works harder for your business. Earn points on qualifying purchases and redeem them for Cat parts, service, or rentals at your dealer, on Parts.cat.com, or through the Cat Central mobile app.

Here's how you earn:

- 3% Cat Vantage Reward Points on purchases made through Parts.cat.com and Cat Central
- 1% Cat Vantage Reward Points on all qualifying Cat Card purchases

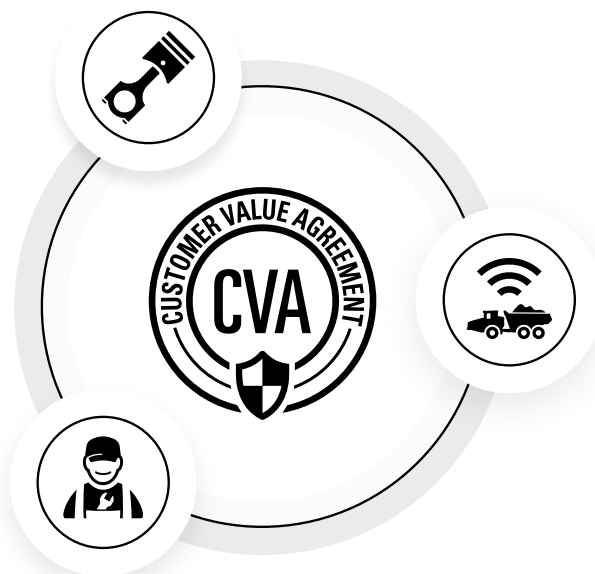

PEACE OF MIND WITH CUSTOMER VALUE AGREEMENTS (CVAs)

They say an ounce of prevention is worth a pound of cure – we couldn't agree more. That's why we recommend a Customer Value Agreement (CVA) for your new or current Cat® machine, the easiest way to get the most value out of your equipment.

How does it work?

CVA simplifies ownership and maintenance with scheduled delivery of genuine Cat parts, expert advice, and easy instructions. You can roll CVA into your monthly machine payment for added convenience.

Benefit from expert dealer support for troubleshooting, diagnostics, and repairs, ensuring peak equipment condition. Use tools like Cat Inspect and VisionLink® for inspection results and real-time monitoring.

CAT® CENTRAL

Cat Central is your single source for maintenance and support, allowing you to search, find, and purchase genuine Cat parts. Download the app for an efficient, on-the-go experience to operate and maintain Cat assets. Simply scan and link your assets to access personalized information. Manage your assets easily with the Cat Central mobile app.

- Order Cat parts
- Scan QR code for machine-specific information
- Connect with closest branch
- Get 24/7 support
- Schedule pickup or delivery

TOROMONT SOLUTIONS TOOLBOX
YOUR DIGITAL ADVANTAGE

The Toromont Solutions Toolbox is your digital suite for maximizing efficiency with real-time data insights, fleet management, and instant access to parts, equipment, and invoicing. Simplify your workflow and boost performance with your trusted Toromont Cat experts just a tap away.

- Monitor Equipment
- Manage Dealer Services
- Order Parts
- Simplify Repairs
